Note for season 2005/2006

To ensure an equality of playing standards in the above competition I would again like to point out the origins of the League.

The beginners League was formed in 1978 to give young and new curlers the opportunity to take part in friendly but competitive games - regular club skips must not play at any time.

Lead and second players may skip with the purpose of gaining experience for promotion within their own club. Regular club thirds may play lead or second. Rink selection may vary at Club's discretion. The rule will be strongly implemented for season 2006/2007.

## PAIRS COMPETITION 2006 / 2007

The format for this competition is straight knock-out.

**The first named in each pair is responsible for ensuring that his partner and opponents are available. Pairings may play in whatever order they choose.**

If a substitute is required please ask a player who has already been eliminated or, if none available, one who is still in the competition but who does not have another pairs match immediately prior to or after your own game.

All games are for four ends or 60 minutes max, this rule must be enforced, although each side should play the same number of shots. At the end of 60 minutes the stones in play will be counted.

**The final which is for eight ends.**

### PLEASE START PROMPTLY & RETURN SCORECARDS TO THE MATCH SECRETARY

The pairings are as follows:

- |                       |                    |                      |
